

Onsite meetings for The Mizen Way Loops.

Tuesday Feb. 10th. at 11 am at Mizen Head Signal Station.

Mizen Head – Barleycove to Balteen Barleycove – Castlemeighan

We will meet at 11 am at Mizen Head Signal Station. James O'Mahony, Sheep's Head Way, will be in attendance to answer questions and to help plan the loops. We had agreed to meet at Chimney Cove on Wednesday, but it will be better to have one meeting. If you have a problem with Tuesday, let me know.

Then we will divide into groups to walk the loops and try to find a route that is suitable for everyone and acceptable to landowners. If you have a GPS receiver capable of pinpointing co-ordinates, could you bring it with you? We will try to plot the position of stiles, fencing, signs, posts etc. I have some software called 'OSI Trailmaster', which will help us plot the loops on the map, but we will need the co-ordinates.

The urgency is that there is funding available for loops this year. There is great competition from other areas for funding and it is important to get our application in as soon as possible.

If we have left anyone out, could you let them or us know?

We would be grateful if you could let us know if you are not able to come. Call me at 028-35225.

**Tuesday Feb. 10th. Mizen Head – Barleycove to Balteen
Meeting at 11 am Mizen Head Signal Station**

**Patrick Reidy
